

TRICYCLE™

ONLINE TOOLS

Tricycle online tools put the power in your hands to decide faster, respond quicker and get results sooner.

Tricycle's award winning simulation technology is the engine that powers the online tools. With proven versatility, the demands of manufacturers and designers are met through simpler, more responsive processes. Designers can quickly browse styles, create visualizations, and share Tryk® samples while manufacturers increase their workflow through improved efficiency, speed and responsiveness.

Tryk Studio: An online, interactive catalog showcasing your products

Tryk Dashboard: Real-time analytics on customer and company behavior

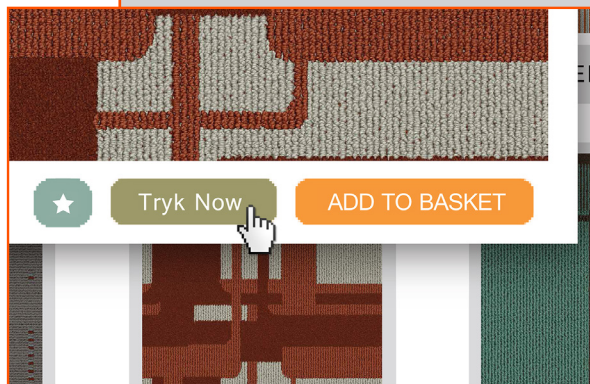

Tryk Automation Client: Expand beyond Dashboard for greater control of your virtual sampling

Tryk Reports: Generate details on Tryk usage

Tryk Sample Creator: Create a machine ready file for printed carpet

Tryk CMS: Quickly manage patterns and colors in your online studio

Sim Center: Take Tryk CMS further by creating your own patterns

Let Tricycle™ help you **FIND YOUR YES**
